We welcome members to become Committee Chairs that want to support the mission of these committees. Committee Chairs are appointed by the Branch President but maybe recommended by the Vice Presidents.

Here are some basic eligibility requirements.

- Must have current active membership
- Regular attendance of branch general body meetings and branch events
- Email your bio and headshot once you have been selected

The basic duties of a committee chair are to recruit new members to your committee, retain them by hosting monthly meetings, engage with the general membership body and community, and report on a monthly basis your activities.

Please email onslownaacp@gmail.com with any questions.
